

Associated Dental Group of Weymouth

Associated Dental Group had the confidence in Coastal Construction to build their new facility in Weymouth, MA. This project consisted of site preparation, excavation, utilities, foundation, and wood frame & structural steel building. The facility included a lobby, exam rooms, oral surgery procedure rooms including emergency electrical generation, x-ray, conference and instruction space, support offices and facilities.

Weymouth, Massachusetts

5,200 sq. ft. ground up dental office building.
