

# Countryside Veterinary Hospital

Chelmsford, Massachusetts

Countryside Veterinary Hospital prides itself on excellence in customer service and veterinary medicine, as well as being on the cutting edge of veterinary medical technology. When Countryside

looked to renovate, expand, and update their technology to include laser surgery, digital radiography, digital dental films, color doppler ultrasound, Med Rx digital imagery, and other sophisticated laboratory equipment, they chose Coastal Construction to manage their project.

## Countryside Veterinary Hospital Chelmsford, Massachusetts

Ground up construction addition to an existing operating veterinary clinic which included renovation of existing space. (6,000 sq. ft.)

**\$1.6M**
