

Hot Locks SalonSpa

Coastal Construction worked with Hot Locks SalonSpa to create a salon with a special focus on providing a high standard of customer service to a varied clientele at an affordable price. Coastal Construction has performed two Tenant fit-ups for Hot Locks in locations that were originally Ground-up construction projects. Coastal carries the ball from start to finish, providing turn-key service and complete peace of mind. We are determined to make sure that the final product meets the satisfaction of all parties, on time and on budget.
