

Marlborough Savings Bank

Marlborough, MA

Marlborough Savings Bank selected Coastal Construction to build their new branch and corporate headquarters in Marlborough, MA. The ground-up construction of the new 15,000SF

branch bank and offices consisted of a three story structural steel and light gauge metal framing structure with brick and EIFS exterior and aluminum frame windows and storefront. The project includes new teller line millwork, finishes, VAV heating and cooling system, emergency generator and architectural features.
