

Ground-up Construction - Retail

Coastal Construction has been a proud member of the Staples team since 1994. No other General Contractor in the country has been building Staples stores for as long as Coastal Construction. Delivery on these opportunities has earned us repeat business along with a reputation for exceeding expectations. In addition to Ground-up Construction, we have also partnered with Staples to perform tenant fit-up work and overnight remodels throughout their New England stores.

Staples Claremont, New Hampshire

Complete design/build turn key format. Included demolition of existing buildings and all sitework. **\$1.6M**

Staples Glens Falls, New York

Ground-up Construction for 25,000 sq. ft. retail space. **\$1.4M**

Staples Wareham, Massachusetts

20,000 sq. ft. Ground-up Construction for Staples new "Green" prototype. Sitework required deep excavations to remove unsuitable soils so a conventional foundation could be utilized. **\$1.55M**
